TRANSPORTATION IMPROVEMENT PROGRAM
FY 2013 - 2016**

INTRODUCTION AND PURPOSE

The Pine Bluff Area Transportation Study has adopted the Transportation Improvement Program (TIP) pursuant to the planning regulations established jointly by the Federal Highway Administration and Federal Transit Administration. The TIP is a compilation of the transportation improvement projects scheduled to be implemented in the Pine Bluff Area Transportation Study (PBATS) Study Area Boundary during the next four fiscal years (FY 2013 – 2016). The projects comprising the four-year TIP were developed through the PBATS comprehensive, coordinated, and continuous transportation planning process. The projects are consistent with the Long-Range Transportation Plan adopted by the Policy Committee of PBATS.

The purpose of the TIP is for it to be used as a program management tool to implement the long range transportation plan as well as meeting present day transportation needs. The TIP contains only those projects that have been identified as scheduled to be implemented in the next four years based on estimated available funds designated to be used for the implementation of the projects.

Local, State, Federal Highway Administration, or Federal Transit Administration can request the TIP to be amended by the PBATS Policy Committee. The listing of projects in the TIP does not guarantee that the project will be funded by the agencies shown, or that it will be constructed during the program period. It only suggests that the project has met the necessary requirements to receive funding. Project readiness and the availability of funding from the different sources also affect the project implementation time frame.

PROJECT SELECTION PROCESS

The TIP is consistent with the PBATS 2035 Transportation Plan and was submitted to the Policy committee for approval. Full funding is anticipated to be available for each project within the time period contemplated for completion of the project.

In accordance with Section 134(h)(2) of Title 23 U.S.C. as amended, the PBATS Policy Committee operates under the following Project Selection Procedures:

1. The approved Transportation Improvement Program shall be utilized for programming projects within the PBATS Study Area.

2. Any project listed in the first year of the approved Transportation Improvement Program shall be considered the highest priority and may be implemented as soon as plans are completed and funds are appropriated. Projects in the second, third, and fourth years of the TIP are considered to have second, third, and fourth priorities, respectively.
3. If a project in the first year cannot be accomplished, then a project from the second year will be selected and those projects may be initiated as plans are completed and funds are appropriated.

These procedures were developed cooperatively between the Arkansas Highway and Transportation Department and the MPO and were approved with this document.

FTA Sections 5310, 5311, 5316, AND 5317:

Arkansas receives an annual apportionment for the Federal Transit Administration Sections 5310, 5311, 5316 and 5317 programs (listed as statewide projects in the Transportation Improvement Program). The Arkansas State Highway and Transportation Department (AHTD) solicits a statewide annual application process from transit providers in both urbanized and rural areas. Based on submitted applications, applicant's eligibility, project's eligibility, rating system and available funds, the AHTD approves projects for funding. The AHTD approved projects are submitted to the Federal Transit Administration (FTA) for their approval. Once approved by the FTA, agencies throughout the state are informed of grant awards and contracts are executed.

AIR QUALITY CONFORMANCE

The MPO, Southeast Arkansas Regional Planning Commission, has been advised by the EPA that the Pine Bluff Area Transportation Study Area is in attainment status. In accordance with guidelines for air quality conformity, as determined by a joint agreement between EPA and FHWA, no air quality conformity submission is necessary at this time.

**SIGNIFICANT PROJECTS IMPLEMENTED
UNDER THE 2010– 2013 TIP**

Regionally significant projects listed in the 2010 – 2013 TIP that have been undertaken during that time period include the following:

The funding shown in the Statewide Financial Summary table on the previous page includes projects to be funded throughout the State of Arkansas, not just in the PBATS area. Funds listed in these categories will be spread out over the State and/or in MPO TIP areas. Local projects that have been assigned job numbers and other local projects where it is known that funds will be requested are included in this total.

The table below shows the funding summary for only known local projects. These projects have been listed separately in the TIP project spreadsheets on pages 6, 18, 19, 20, and 21 and are identified as being located in Jefferson County and in the PBATS TIP area. Other local projects for which funding may be requested in the future are contained within the Statewide project categories of the spreadsheets. One of the reasons that this is done is because some of the funds in certain programs must be requested or applied for by local jurisdictions annually, and including these funds as statewide in local TIPs prevents recurrent amendments.

THE FY 2013 - 2016 TRANSPORTATION IMPROVEMENT PROGRAM
FOR THE
PINE BLUFF AREA TRANSPORTATION STUDY
METROPOLITAN AREA**

WHEREAS, the U.S. Department of Transportation requires development of a four year Transportation Improvement Program (TIP) for each urbanized area under the direction of a Metropolitan Planning Organization; and

WHEREAS, local transportation projects utilizing Federal Highway Administration fund must be included in the TIP; and

WHEREAS, local transit projects utilizing Federal Transit Administration funds must also be listed in the TIP; and

WHEREAS, the Pine Bluff Area Transportation Study (PBATS) Policy Committee is designated as the policy body responsible for performing the transportation planning; and

WHEREAS, the PBATS complied with its public involvement policy to solicit public and private sector involvement in review and attend meetings to discuss the draft TIP; and

WHEREAS, the PBATS Policy Committee self-certifies that the Planning Process is consistent with 23 CFR part 450.334; and other Federal requirements; and

WHEREAS, the PBATS Technical Committee has recommended approval of the FY 2013 - 2016 TIP.

NOW, THEREFORE BE IT RESOLVED, that the PBATS Policy Committee adopts the FY 2013 - 2016 TIP.

PASSED AND APPROVED THIS 23RD DAY OF MAY, 2012.

Carl Redus, Chairman
PBATS

PBATS 2013 - 2016 TIP ADOPTION

This Transportation Improvement Program for Fiscal Years 2013 - 2016 was prepared as part of the Pine Bluff Area Transportation Study and approved by the Technical Committee and Policy Committee with the assistance of the Southeast Arkansas Regional Planning Commission. The TIP was placed on the SARPC website and Public Notice concerning this program was published in the Pine Bluff Commercial newspaper. No comments were received from the general public. The PBATS Policy Committee reviewed and approved the TIP on May 23, 2012.

I hereby certify the adoption of the Transportation Improvement Program for the Federal Fiscal Years 2013 - 2016 by the Pine Bluff Area Transportation Study Policy Committee on the 23rd day of May 2012.

Jerre George, Study Director
